IMPORTANT INFORMATION

This prospectus (the “**Prospectus**”) has been prepared by M2 Asset Management AB (publ) (reg. no. 556559-3349) (“**M2**”, the “**Company**” or together with its direct and indirect subsidiaries depending on the context, the “**Group**” or the “**M2 Group**”) in relation to the application for admission to trading of bonds issued under the Company’s maximum SEK 2,000,000,000 senior unsecured floating rate bonds 2022/2026 with ISIN SE0017485204 (the “**Bonds**”), on the Corporate Bond List at Nasdaq Stockholm AB (“**Nasdaq Stockholm**”). The Company has issued an initial bond issue of SEK 200,000,000 on 4 February 2022 (the “**Initial Bond Issue**”). The Company may at one or more occasions, after the Initial Bond Issue, issue subsequent bonds (“**Subsequent Bond Issues**”) under the terms and conditions (the “**Terms and Conditions**”), until the total amount under any Subsequent Bond Issue(s) and the Initial Bond Issue equals SEK 2,000,000,000. This Prospectus has been prepared for the purpose of listing the Bonds issued on 4 February 2022 on the Corporate Bond List of Nasdaq Stockholm. Nordea Bank Abp (reg. no. 2858395-9) has acted as sole bookrunner and issuing agent (the “**Issuing Agent**”) in connection with the Initial Bond Issue.

Each potential investor in the Bonds must decide upon the suitability of an investment in the light of their own circumstances.

Solely for the purpose of the Issuing Agent’s (for the purposes of this paragraph, the “manufacturer”) product approval process, the target market assessment in respect of the Bonds has led to the conclusion that: (i) the target market for the Bonds is eligible counterparties, professional clients and retail clients, each as defined in Directive 2014/65/EU (as amended, “MiFID II”); and (ii) all channels for distribution of the Bonds to eligible counterparties, professional clients and retail clients are appropriate. Any person subsequently offering, selling or recommending the Bonds (a “distributor”) should take into consideration the manufacturer’s target assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Bonds (by either adopting or refining the manufacturer’s target market assessment) and determining appropriate distribution channels.

The Bonds may not be a suitable investment for all investors and each potential investor in the Bonds must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should (i) have sufficient knowledge and experience to make a meaningful evaluation of the Bonds, the merits and risks of investing in the Bonds and the information contained or incorporated by reference in this Prospectus or any applicable supplement, (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Bonds and the impact other Bonds will have on its overall investment portfolio, (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Bonds; (iv) understand thoroughly the Terms and Conditions, and (v) be able to evaluate (either alone or with the help of a financial advisor) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

1 RISK FACTORS

A number of risk factors affects and may come to affect M2, the Group and the Bonds. Some risk factors are outside the Group's control. Below is a description of risk factors which M2 considers to be the most material risks relating to the Group and the Bonds.

The risk factors are presented in categories and where a risk factor may be categorised in more than one category, such risk factor appears only once and in the most relevant category. The most material risk factor in each category is presented first. Subsequent risk factors in the same category are not ranked in order of materiality or probability of occurrence. The assessment of the materiality of each risk factor has been determined on the basis of a qualitative ordinal scale (low/medium/high) based on the probability of their occurrence and the expected magnitude of their negative impact on the Group.

1.1 Risk factors specific and material to M2 and the Group

1.1.1 **Market risks**

Inflation and interest risk

The Group operates in the real estate and development market in Sweden, which to a large extent is affected by macroeconomic factors such as the level of production of new premises, changes in infrastructure and population growth. Economic growth in turn affects the employment rate, which is an essential basis for supply and demand on the rental market and consequently impacts vacancy rates and rental levels of the Group's properties.

Furthermore, inflation expectations have an impact on the interest rate and thus affect the net interest income for the Group and from its financial holdings in Castellum AB (publ), Corem Property Group AB (publ), AB Sagax (publ) and Wästbygg Gruppen AB (the "**Financial Holdings**"). The Group's business is mainly financed, in excess of equity and working capital related to non-interest bearing liabilities, by borrowings from credit institutions and the bond market. Interest expenses are therefore one of the Group's main cost items and the Group's total financial expenses for the period 1 January 2021 – 31 December 2021, which mainly consisted of interest expenses, amounted to SEK 458 million. Interest expenses are mainly affected by, besides the extent of interest-bearing debt, the level of current market interest rates, credit institutions' margins and the Group's strategy regarding interest rate fixation periods. Adverse changes of interest rates would negatively affect the Group's financial costs and earnings and in turn the performance of M2 under its loans. M2 deems that the probability of unexpected increases in interest rate costs occurring is *medium*. If the risks would materialize, M2 considers the potential impact to be *high*.

1.1.2 **Business risks**

Rental income and rental development

The Group's operations include commercial properties, construction and property development as well as strategic investments in larger real estate companies such as the Financial Holdings. The Group's rental income, directly as well as indirectly through dividends from the Financial Holdings, is affected by the vacancies of the properties, the rent level stipulated in the rental agreements and the tenants paying

their rents on time. The Group is not dependent on any single large tenant but a general decrease in market occupancy rates and market rental rates, would negatively affect the Group's possibilities to sustain current revenue and cash flow levels over a long period of time, which could have a negative impact on the Group's financial position, asset valuation and earnings. M2 deems that the probability of large fluctuations and increases in vacancies, decreases in market rental rates or any other loss of rental income or dividend from the Financial Holdings is *low*. If the risks would materialize, M2 considers the potential impact to be *high*.

Changes in value of properties

The Group's real estate investments are recorded in the balance sheet at actual value and the value changes are recorded in the income statement. The M2 Group performs a valuation of the entire property holdings and the Financial Holdings quarterly. Valuations are performed according to schedule where both external valuation as well as valuation by the M2 Group itself is carried out. This means that normally each property in the portfolio is valued externally over a rolling 36-month period. The M2 Group's properties' loan to value ratio was 34.6 per cent as of 31 December 2021. There is a risk that the valuation frequency and coverage may change in the future, which could result in that value becomes more difficult to estimate for an investor, a financing counterparty or any third party interested in the valuation of the M2 Group's properties.

The value of the Group's properties is affected by a number of factors, partly by property specific factors such as occupancy levels, rental rates and operating costs and partly by market specific factors such as yield demands and cost of capital that are derived from comparable transactions on the real estate market. Property related deteriorations such as lower rental income and increased vacancies, as well as market specific factors such as demand for higher return on investments can cause the Group to write down the actual value of its investment properties, which could have a negative impact on the Group's financial position and earnings. Furthermore a deterioration in the value of properties could cause a breach of the financial undertakings in the Group's various financial obligations which could lead to loans being accelerated, leading to immediate repayment or result in the creditor's enforcement of the pledged assets.

M2 deems the probability of such risks materializing to be *medium*. If the risks would materialize, M2 considers the potential impact to be *medium*.

Projects and developments

The operations of the Group also comprise property development projects, specifically within the subsidiary Wästbygg Gruppen AB, which in October 2020 was listed on Nasdaq Stockholm, and its subsidiaries (the "**Wästbygg Group**"). When developing property, certain risks arise. Larger projects may entail major investments which may lead to an increased credit risk should tenants be unable to fulfil their obligations towards the Group, and the Group in turn would be unable to find other tenants for the premises in question, or should the demand or the price for the property decrease during the project.

When planning and budgeting for a construction project it is essential that the basis for calculation is complete and correct. Assumptions are made in relation to costs and revenues, as well as the ability of partners to perform in accordance with contracts. Projects may be delayed or may entail higher costs than foreseen, which may lead to increased costs or decreased earnings.

When entering into construction agreements, the Wästbygg Group regularly issues construction guarantees as customary when carrying out construction work. Should a project entail that the Wästbygg

Group needs to make use of an issued guarantee, this will lead to increased costs or decreased earnings in relation to the project at hand.

In the event of the abovementioned risks are materialized, it could have a negative impact on the valuation of the Group's assets as well as the Group's earnings and profitability. M2 deems the probability of such risks materializing to be *high*. If the risks would materialize, M2 considers the potential impact to be *low*.

Transactions

To acquire and sell properties is part of the Group's ordinary business and, especially acquisitions, involve certain risks. All investments are associated with uncertainties, such as future loss of tenants, environmental circumstances and technical problems, which may have a negative impact on the property value or result in unexpected and increased costs. Further, there is a risk that a seller, in connection with an acquisition, may not fulfil its obligations due to financial difficulties, which may affect the Group's possibility to bring forward claims on compensation according to contracted indemnities or warranties (which may also be subject to limitations in amount and time).

Selling properties involves uncertainties regarding, inter alia, price and the ability to get provision for the properties including the willingness and ability of potential buyers to pay for the properties. Furthermore, the Group may be subject to claims due to the sale or the condition of the sold properties. If the Group is unable to get provision at favorable terms or if claims are directed at the Group, this may lead to delays in projects as well as increased and unexpected costs for the properties and transactions.

M2 deems the probability of such risks materializing to be *low*. If the risks would materialize, M2 considers the potential impact on the Group's result and the value of the relevant properties to be *medium*.

Securities trading

M2 owns shares and bonds that are listed and traded on regulated markets or multilateral trading facilities, and trading in such securities are carried out within the Group. The trading entails calculated risks in order to receive a high return. Such investments and trading activities are carried out by a limited number of people within the Group and are exposed to price fluctuations in the markets. There is a risk that the individuals responsible for the trading commit errors, or that M2 is affected by unforeseen price fluctuations in the stock market. Errors or unforeseen price fluctuations may have a negative effect on M2's profit as well as the value of M2's assets and thus indirectly affect the value and the credit-worthiness of the Group, which in turn may entail higher costs of borrowing capital. M2 deems the probability of such risks materializing to be *medium*. If the risks would materialize, M2 considers the potential impact to be *high*.

Employees and subcontractors

The Group's employees' knowledge, experience and commitment are important for the Group's future development. The Group would be affected negatively if a number of its employees would leave the Group at the same time, or if a number of key employees would leave.

The Wästbygg Group carries out construction work by having their own management on site as project leaders and support, while subcontractors mainly carry out the actual construction work. Efficient project management is essential to the success of the construction projects of the Wästbygg Group.

Should the project management of the Wästbygg Group fail, or should the Wästbygg Group not be able

to find competent subcontractors, construction projects of the Wästbygg Group could be delayed. There is a risk that extensive project delays may entail customer's enforcing claims of liquidated damages or price reductions on certain projects, which could have a negative impact on the M2 Group's profitability. M2 deems the probability of such risks materializing to be *medium*. If the risks would materialize, M2 considers the potential impact to be *low*.

Competition

The M2 Group acts in an industry that is exposed to competition. The M2 Group's future competitive opportunities are dependent on, *inter alia*, the M2 Group's ability to be at the forefront and respond quickly to existing and future market needs. On the various markets where the Wästbygg Group is present, there is a high demand for buildable land. The Wästbygg Group regularly competes for land allocation for housing purposes as well as commercial or logistics projects. Increased competition could lead to Wästbygg Group not being able to receive land allocations at a reasonable price, which could have a negative impact on the profitability of the M2 Group. M2 deems the probability of such risks materializing to be *medium*. If the risks would materialize, M2 considers the potential impact to be *medium*.

1.1.3 Financial risks

Refinancing risks

Refinancing risk is the risk that necessary financing may not be obtained, or could only be obtained at significantly increased costs concerning refinancing of existing debts or new borrowing. The Group may eventually be required to refinance certain or all of its outstanding debt, including the Bonds. As of 31 December 2021, approximately SEK 7,708 million of the M2 Group's outstanding debts mature within 12 months. The Group's ability to successfully refinance its outstanding debt obligations, including the Bonds, at maturity depend on the conditions of the capital markets and its financial condition at such time. The Group's ability to refinance the Bonds and other debt is also restricted in the way the Terms and Conditions only permit certain capital market loans and that issuance of market loans are subject to certain financial undertakings of the Group. Such restrictions together with the developments in the credit market, such as deterioration of the overall financial markets or a worsening of general economic conditions, could adversely affect the Group's access to financing sources and financing on favorable terms, or at all. M2 deems the probability of such risks materializing to be *low*. If the risks would materialize, M2 considers the potential impact on the Group's liquidity and financial position to be *high*.

Financial obligations and guarantees

The Group has obtained financing through construction loans, bank loans secured by the Group's properties, shares in subsidiaries and, in some cases, security over securities deposits containing, *inter alia*, the Financial Holdings, and from the capital market. The Group has issued guarantees for some loans. Some of the Group's credit agreements contain provisions regarding, for example, ownership of the companies being parties to such credit agreements (change of control provisions), or financial covenants such as loan to value ratio and equity ratio. If such provisions are breached by the Group, it could lead to the loans being accelerated, leading to immediate repayment or result in the creditor's enforcement of the pledged assets. Should loans be accelerated, it could also result in other loan agreements (through cross default provisions) being cancelled for immediate repayment or in the collateral being taken over by the credit institution/s concerned. If such events were to materialize there is a risk that the Group will not be able to obtain necessary financing, or that such financing could only

be obtained at significantly increased costs. Furthermore, such events could lead to a necessary liquidation of part or whole of the Group's Financial Holdings, or revisions to the Group's current strategy. The realization of any of the above would have a negative impact on the valuation of the Group's assets and the Group's profitability. M2 deems the probability of such risks materializing to be *low*. If the risks would materialize, M2 considers the potential impact to be *high*.

1.1.4 Legal and environmental risks

Holding company risks

M2 is dependent on its subsidiaries and other investments, especially the Financial Holdings, in order to receive dividend income. M2's ability to make required payments of interest on its debts and funding is affected by the ability of its subsidiaries and other investments to transfer available funds to it, and hence M2 is dependent on its subsidiaries to fulfil its obligations under the Bonds. The transfer of funds to M2 from its subsidiaries or other investments may be restricted or prohibited by legal and contractual requirements applicable to the respective subsidiary or investment. Additionally, the Group companies are separate legal entities and have no obligations to fulfil M2's obligations towards its creditors. If the subsidiaries or other investments, such as the Financial Holdings, do not provide dividend income, or due to other circumstances, conditions, laws or other regulations, are prevented from providing liquidity to M2, there is a risk that M2 will not be able to fulfil its obligations under the Bonds. M2 deems the probability of such risks materializing to be *low*. If the risks would materialize, M2 considers the potential impact to be *medium*.

Legal risks

The Group's business is regulated by and must be conducted in accordance with several laws and regulations, (inter alia the Swedish Companies Act (Sw: aktiebolagslagen (2005:551)), the Swedish Land Code (Sw: Jordabalken 1970:994), the Swedish Environmental Code (Sw: Miljöbalken (1998:808)) and the Swedish Planning and Building Act (Sw: plan- och bygglagen (2010:900)), detailed development plans, building standards, security regulations, etcetera. There is a risk that the Group's interpretation of applicable laws and regulations may be incorrect or may change in the future. The Group may also be required to apply for various permits and registrations with municipalities and authorities in order to pursue property development. There is a risk that the Group will not be granted necessary permits or other decisions for its business activities or that such permits or decisions are appealed. The Group's operations are also affected by the tax rules in force from time to time in Sweden. Since these rules have historically been subject to frequent changes, further changes are expected in the future (potentially with retroactive effect). Such changes could have a significant negative impact on the Group's financial position and earnings. In the event of the abovementioned risks are materialized, it could result in increased costs and delay in planned development of properties or otherwise have negative impact on the conduct and development of its business. M2 deems the probability of such risks materializing to be *low*. If the risks would materialize, M2 considers the potential impact to be *medium*.

Lawsuits, investigations and proceedings

The M2 Group and its sub-group companies may be adversely affected by disputes, litigation, unexpected costs or other effects of legal and administrative proceedings and investigations, by regulatory bodies or other bodies. In the event that the Group is forced to pay fines, damages or other compensation as a result of lawsuits, investigations or proceedings significant costs may be incurred to

the Group. Moreover, disputes or claims can be time consuming and costly in itself.

Within the M2 Group, the sub-group of companies under the Wästbygg Group, is as a result of the general character of carrying out construction work involved in disputes in relation to projects completed and services carried out. The Wästbygg Group was involved in one dispute relating to the performance under a construction agreement. The dispute was settled in December 2020 and did not result in a negative impact on the M2 Group's business, financial position and earnings.

A negative outcome in lawsuits, investigations or proceedings would have a negative impact on the M2 Group's operational costs and profitability. M2 deems the probability of such risks materializing to be *medium*. If the risks would materialize, M2 considers the potential impact to be *low*.

Working environment

Construction work may entail a work environment with a high risk for accidents and personal injuries for individuals working on site. Should the Wästbygg Group fail in following relevant laws and regulations relating to work environment as well as implementing and follow efficient work environment policies, this could lead to accidents that entails increased costs and decreased profitability of the Wästbygg Group and the M2 Group. M2 deems the probability of such risks materializing to be *medium*. If the risks would materialize, M2 considers the potential impact to be *medium*.

1.2 Risks related to the Bonds

1.2.1 Financial risks

Credit risk

Investors who invest in the Bonds become exposed to a credit risk in relation to M2, including the risk of losing the value of the entire investment. The investor's right to receive payment under the Terms and Conditions is dependent on the Group's ability to fulfil its payment obligations, which in its turn is dependent on the development of the Group's business activities and its financial position. A general downturn in the Group's financial position could increase the credit risk with subsequent higher risk premium for the Bonds on the market and could negatively affect the Group's ability to refinance the Bonds at maturity, which ultimately could decrease the market price of the Bonds. M2 deems the probability of such risk materializing to be *low*. If the risks would materialize, M2 considers the potential impact on M2's ability to fulfil its payment obligations to be *high*.

Interest rate risk

The Bonds' value depends on several factors, one of the most significant over time being the level of market interest. The interest rate of the Bonds is calculated as 3 months STIBOR plus an interest margin. As market interest rates in Sweden are relatively low compared historically, there is a risk that market rates increase in the future. Investments in the Bonds involve a risk that the market value of the Bonds may be negatively affected by increases in market interest rates, as bonds or notes issued in a higher interest environment may yield a higher total return than the Bonds, which may make it difficult for the Bondholders to sell the Bonds on a time and at a price acceptable to the Bondholder. M2 deems the probability of such risk materializing to be *medium*. If the risks would materialize, M2 considers the potential impact to be *medium*.

In order to ensure the reliability of reference rates (such as STIBOR), legislative action at EU level has been taken. Hence, the so-called Benchmark Regulation (Regulation (EU) 2016/1011 of the European Parliament and of the Council of 8 June 2016 on indexes used as reference values for financial instruments and financial agreements or for measuring investment fund results and amending Directives 2008/48/EC and 2014/17/EU and Regulation (EU) No 596/2014) were added and entered into force on 1 January 2018. The Benchmark Regulation regulates the provision of reference values, reporting of data bases for reference values and use of reference values within the EU. Since the benchmark regulation has only been applied for a short period of time, the effects of it so far are difficult to assess. However, there are future risks that the benchmark regulation affects how certain reference rates are determined and how they are developed. This in conjunction with increased administrative requirements can lead to a reduced number of entities involved in the determination of reference rates, which, in such case, would lead to a certain reference interest ceasing to be published. As the interest rate of the Bonds are calculated as 3 months STIBOR plus an interest margin, an investor in the Bonds may be adversely affected if STIBOR ceases to be calculated or administered, or if revisions are made to the way STIBOR is determined in the future, an investor in the Bonds may be adversely affected. M2 deems the probability of such risk materializing to be *low*. If the risks would materialize, M2 considers the potential impact to be *low*.

1.2.2 Risks related to admission to trading

M2 has undertaken to ensure that the Bonds are listed on the corporate bond list of Nasdaq Stockholm or, if such admission to trading is not possible to obtain or maintain, admitted to trading on any other Regulated Market within certain stipulated time periods, as defined in the Terms and Conditions. There is a risk that the Bonds will not be admitted to trading on the relevant market place within the intended time frames or at all. Failure to obtain listing in time would provide each Bondholder with a right of prepayment (put option) of its Bonds.

Even if the Bonds are admitted to trading on a Regulated Market, the liquidity and trading price of the Bonds may vary as a result of numerous factors, including general market movements and irrespective of M2's performance. This may entail that a Bondholder cannot sell his or her Bonds at the desired time or at a yield which is comparable to similar investments that have an existing and functioning secondary market. A lack of liquidity in the market may have a negative impact on the market value of the Bonds. There is a risk that a demand for and trading with the Bonds does not occur or is not maintained.

M2 deems the probability of the secondary trading in the Bonds being impacted as described above as *medium*. If the risks would materialize, M2 considers the potential impact to be *low*.

1.2.3 Structural subordination and dependency on subsidiaries

Since M2 is the parent company to the Group's property owning companies, M2 is dependent upon receiving dividends and group contributions from its subsidiaries and dividends from its Financial Holdings and other investments to be able to fulfil its obligations under the Terms and Conditions. The Bonds are not guaranteed by any of these subsidiaries or any other company or person. This means that the Bonds are structurally subordinated to any indebtedness raised in any of the property owning subsidiaries, and so the creditors of such indebtedness have priority over the Bondholders to the assets and revenue generated in the subsidiaries. The Terms and Conditions do not include any restriction on the ability of the Group to incur additional indebtedness (other than the restriction on the Issuer on

incurring market loans with a shorter maturity than the Bonds or on issuing any secured market loan and on the Wästbygg Group on issuing market loans secured by guarantees from M2 or any subsidiaries and, indirectly, by financial undertakings relating to the equity ratio). In the event a subsidiary becomes subject of liquidation, company reconstruction or bankruptcy there is a risk that M2 will not receive dividends or contributions from the subsidiary, which could affect M2's ability to fulfil its payment obligations under the Terms and Conditions. M2 deems the probability of such risk materializing to be *low*. If the risks would materialize, M2 considers the potential impact to be *high*.

1.3 Risks related to the Bondholders' rights and representation

Priority rights

The Bonds constitute direct, unconditional, unsubordinated and unsecured obligations of M2 and shall rank at least *pari passu* with other direct, unconditional, unsubordinated and unsecured obligations of M2. This means that a Bondholder, in the event of M2's liquidation, company reconstruction or bankruptcy, normally would receive payment after any prioritized creditors (e.g. lenders or investors that have the benefit of security) have received payment. The Terms and Conditions do not include a general so called "negative pledge" undertaking and hence M2 may post security to other lenders which would not secure the Bonds. The Group has within the framework of its financing raised loans from credit institutions and has thereby, *inter alia*, pledged mortgage deeds in certain properties and shares in some of the Group's property owning subsidiaries. M2 also intends to continue seeking appropriate and attractive financing and may in connection thereto grant security for such financing. Each investor should be aware of the risk that a Bondholder may lose the whole, or parts of, his or her investment in the event of M2's liquidation, bankruptcy or company reconstruction. M2 deems the probability of such risk materializing to be *low*. If the risks would materialize, M2 considers the potential impact to be *high*.

Risks related to acceleration of the Bonds and put options

M2 is required to comply with the Terms and Conditions, *inter alia*, to pay interest under the Bonds. Upon the occurrence of an Event of Default (as specified in the Terms and Conditions), the Bonds may be accelerated at the terms and price set out in the Terms and Conditions. Furthermore, upon the occurrence of a Change of Control Event, a Bond De-listing Event or a Listing Failure Event (as defined in the Terms and Conditions), each Bondholder will have a right to request (put option) that all, or only some, of its Bonds be repurchased at the terms and price set out in the Terms and Conditions. Following any of the above mentioned events, there is a risk that M2 will not have sufficient funds at the time of such acceleration or repurchase to make the required redemption of, or payment in respect of, the Bonds. This could in turn adversely affect M2's ability to meet its financial obligations and consequently affect all Bondholders, including those who did not exercise the option. M2 deems the probability of such risk materializing to be *low*. If the risks would materialize, M2 considers the potential impact to be *high*.

Voluntary early redemption

M2 has a right under the Terms and Conditions to redeem all outstanding Bonds in full prior to the Final Maturity Date. The early redemption right exists during the whole time period prior to the Final Maturity Date, although the redemption price changes after a certain period.

Such a right could affect the market value of the Bonds and there is a risk that the market value of the

Bonds is higher than the price at which M2 may be entitled to redeem the Bonds. If M2 exercises its right to early redemption of the Bonds when the market value of the Bonds is higher than the relevant redemption price, it could affect the investor's possibilities to re-invest the repaid amount on the same terms as the terms of the redeemed Bonds. M2 deems the probability of such risk materializing to be *low*. If the risks would materialize, M2 considers the potential impact to be *low*.

2 RESPONSIBILITY FOR THE PROSPECTUS

M2 has obtained all necessary resolutions, authorisations and approvals required in conjunction with the Bonds Issue and the performance of its obligations relating hereto. - (b) on the Record Date specified in the communication pursuant to Clause 15.3.2, in respect of a Written Procedure,

may exercise voting rights as a Bondholder at such Bondholders' Meeting or in such Written Procedure, provided that the relevant Bonds are included in the Adjusted Nominal Amount. Each whole Bond entitles to one vote and any fraction of a Bond voted for by a person shall be disregarded. Such Record Date specified pursuant to paragraph (a) or (b) above must fall no earlier than one (1) Business Day after the effective date of the notice or communication, as the case may be.

15.4.2 The following matters shall require the consent of Bondholders representing at least two thirds (2/3) of the Adjusted Nominal Amount for which Bondholders are voting at a Bondholders' Meeting or for which Bondholders reply in a Written Procedure in accordance with the instructions given pursuant to Clause 15.3.2:

- (a) the issue of any Subsequent Bonds, if the total nominal amount of the Bonds exceeds, or if such issue would cause the total nominal amount of the Bonds to at any time exceed, SEK 2,000,000,000 (for the avoidance of doubt, for which consent shall be required at each occasion such Subsequent Bonds are issued);
- (b) a change to the terms of any of Clause 2.1, and Clauses 2.6 to 2.8;
- (c) a change to the Interest Rate (for the avoidance of doubt, this does not apply to a change to the Interest Rate that occur pursuant to Clause 20 (*Replacement of Base Rate*)) or the Nominal Amount;
- (d) a change to the terms for the distribution of proceeds set out in Clause 14 (*Distribution of proceeds*);
- (e) a change to the terms dealing with the requirements for Bondholders' consent set out in this Clause 15.4 (*Majority, quorum and other provisions*);
- (f) a change of issuer, an extension of the tenor of the Bonds or any delay of the due date for payment of any principal or interest on the Bonds;
- (g) a mandatory exchange of the Bonds for other securities; and
- (h) early redemption of the Bonds, other than upon an acceleration of the Bonds pursuant to Clause 13 (*Acceleration of the Bonds*) or as otherwise permitted or required by these Terms and Conditions.

15.4.3 Any matter not covered by Clause 15.4.2 shall require the consent of Bondholders representing more than 50 per cent. of the Adjusted Nominal Amount for which Bondholders are voting at a Bondholders' Meeting or for which Bondholders reply in a Written Procedure in accordance with the instructions given pursuant to Clause 15.3.2. This includes, but is not limited to, any amendment to, or waiver of, the terms of any Finance Document that does not require a higher majority (other than an amendment permitted pursuant to Clause 16.1(a) or (c)), and acceleration of the Bonds.

15.4.4 Quorum at a Bondholders' Meeting or in respect of a Written Procedure only exists if a Bondholder (or Bondholders) representing at least fifty (50) per cent. of the Adjusted Nominal Amount in case of a matter pursuant to Clause 15.4.2, and otherwise twenty (20) per cent. of the Adjusted Nominal Amount:

- (a) if at a Bondholders' Meeting, attend the meeting in person or by other means prescribed by the Agent pursuant to Clause 15.2.4 (or appear through duly authorised representatives); or
 - (b) if in respect of a Written Procedure, reply to the request.
- 15.4.5 If a quorum exists for some but not all of the matters to be dealt with at a Bondholders' Meeting or by a Written Procedure, decisions may be taken in the matters for which a quorum exists.
- 15.4.6 If a quorum does not exist at a Bondholders' Meeting or in respect of a Written Procedure, the Agent or the Issuer shall convene a second Bondholders' Meeting (in accordance with Clause 15.2.1) or initiate a second Written Procedure (in accordance with Clause 15.3.1), as the case may be, provided that the person(s) who initiated the procedure for Bondholders' consent has confirmed that the relevant proposal is not withdrawn. For the purposes of a second Bondholders' Meeting or second Written Procedure pursuant to this Clause 15.4.6, the date of request of the second Bondholders' Meeting pursuant to Clause 15.2.1 or second Written Procedure pursuant to Clause 15.3.1, as the case may be, shall be deemed to be the relevant date when the quorum did not exist. The quorum requirement in Clause 15.4.4 shall not apply to such second Bondholders' Meeting or Written Procedure.
- 15.4.7 Any decision which extends or increases the obligations of the Issuer or the Agent, or limits, reduces or extinguishes the rights or benefits of the Issuer or the Agent, under the Finance Documents shall be subject to the Issuer's or the Agent's consent, as applicable.
- 15.4.8 A Bondholder holding more than one Bond need not use all its votes or cast all the votes to which it is entitled in the same way and may in its discretion use or cast some of its votes only.
- 15.4.9 The Issuer may not, directly or indirectly, pay or cause to be paid any consideration to or for the benefit of any owner of Bonds (irrespective of whether such person is a Bondholder) for or as inducement to any consent under these Terms and Conditions, unless such consideration is offered to all Bondholders that consent at the relevant Bondholders' Meeting or in a Written Procedure within the time period stipulated for the consideration to be payable or the time period for replies in the Written Procedure, as the case may be.
- 15.4.10 A matter decided at a duly convened and held Bondholders' Meeting or by way of Written Procedure is binding on all Bondholders, irrespective of them being present or represented at the Bondholders' Meeting or responding in the Written Procedure. The Bondholders that have not adopted or voted for a decision shall not be liable for any damages that this may cause other Bondholders.
- 15.4.11 All costs and expenses incurred by the Issuer or the Agent for the purpose of convening a Bondholders' Meeting or for the purpose of carrying out a Written Procedure, including reasonable fees to the Agent, shall be paid by the Issuer.
- 15.4.12 If a decision is to be taken by the Bondholders on a matter relating to the Finance Documents, the Issuer shall promptly at the request of the Agent provide the Agent with a certificate specifying the number of Bonds owned by Group Companies as per the Record Date for voting, irrespective of whether such person is directly registered as owner of such

Bonds. The Agent shall not be responsible for the accuracy of such certificate or otherwise be responsible for determining whether a Bond is owned by a Group Company.

- 15.4.13 Information about decisions taken at a Bondholders' Meeting or by way of a Written Procedure shall promptly be sent by notice to each person registered as a Bondholder on the date referred to in Clause 15.4.1(a) or 15.4.1(b), as the case may be and also be published on the websites of the Group and the Agent, provided that a failure to do so shall not invalidate any decision made or voting result achieved. The minutes from the relevant Bondholders' Meeting or Written Procedure shall at the request of a Bondholder be sent to it by the Issuer or the Agent, as applicable.

16. AMENDMENTS AND WAIVERS

- 16.1 The Issuer and the Agent (acting on behalf of the Bondholders) may agree in writing to amend the Finance Documents or waive any provision in a Finance Document or any other document relating to the Bonds, provided that:
- (a) in the opinion of the Agent and/or as confirmed by a reputable external expert engaged by the Agent, such amendment or waiver is not detrimental to the interest of the Bondholders as a group; or
 - (b) such amendment or waiver is made solely for the purpose of rectifying obvious errors and mistakes; or
 - (c) such amendment or waiver is required by any applicable regulation, a court ruling or a decision by a relevant authority; or
 - (d) such amendment or waiver has been duly approved by the Bondholders in accordance with Clause 15 (*Decisions by Bondholders*); or
 - (e) is made pursuant to Clause 20 (*Replacement of Base Rate*).
- 16.2 The consent of the Bondholders is not necessary to approve the particular form of any amendment to the Finance Documents. It is sufficient if such consent approves the substance of the amendment.
- 16.3 The Agent shall promptly notify the Bondholders of any amendments or waivers made in accordance with Clause 16.1, setting out the date from which the amendment or waiver will be effective, and ensure that any amendments to the Finance Documents are made available in the manner stipulated in Clause 10.4 (*Availability of Finance Documents*). The Issuer shall ensure that any amendments to the Finance Documents are duly registered with the CSD and each other relevant organisation or authority and shall ensure that any amendments to the Finance Documents are made available in the manner stipulated in Clause 10.4 (*Availability of Finance Documents*).
- 16.4 An amendment to the Finance Documents shall take effect on the date determined by the Bondholders' Meeting, in the Written Procedure or by the Agent, as the case may be.

17. APPOINTMENT AND REPLACEMENT OF THE AGENT

17.1 Appointment of the Agent

- 17.1.1 By subscribing for Bonds, each initial Bondholder appoints the Agent to act as its agent in all matters relating to the Bonds and the Finance Documents, and authorises the Agent to act on its behalf (without first having to obtain its consent, unless such consent is specifically required by these Terms and Conditions) in any legal or arbitration proceedings relating to the Bonds held by such Bondholder, including the winding-up, dissolution, liquidation, company reorganisation (Sw: *företagsrekonstruktion*) or bankruptcy (Sw: *konkurs*). By acquiring Bonds, each subsequent Bondholder confirms such appointment and authorisation for the Agent to act on its behalf.
- 17.1.2 Each Bondholder shall immediately upon request provide the Agent with any such documents, including a written power of attorney (in form and substance satisfactory to the Agent), that the Agent deems necessary for the purpose of exercising its rights and/or carrying out its duties under the Finance Documents. The Agent is under no obligation to represent a Bondholder which does not comply with such request.
- 17.1.3 The Issuer shall promptly upon request provide the Agent with any documents and other assistance (in form and substance satisfactory to the Agent), that the Agent deems necessary for the purpose of exercising its rights and/or carrying out its duties under the Finance Documents.
- 17.1.4 The Agent is entitled to fees for its work and to be indemnified for costs, losses and liabilities on the terms set out in the Finance Documents and the Agency Agreement and the Agent's obligations as Agent under the Finance Documents are conditioned upon the due payment of such fees and indemnifications.
- 17.1.5 The Agent may act as agent or trustee for several issues of securities issued by or relating to the Issuer and other Group Companies notwithstanding potential conflicts of interest.

17.2 Duties of the Agent

- 17.2.1 The Agent shall represent the Bondholders in accordance with the Finance Documents. However, the Agent is not responsible for the content, due execution, legal validity or enforceability of the Finance Documents.
- 17.2.2 When acting in accordance with the Finance Documents, the Agent is always acting with binding effect on behalf of the Bondholders. The Agent shall carry out its duties under the Finance Documents in a reasonable, proficient and professional manner, with reasonable care and skill.
- 17.2.3 The Agent is entitled to delegate its duties to other professional parties, but the Agent shall remain liable for the actions of such parties under the Finance Documents.
- 17.2.4 The Agent shall treat all Bondholders equally and, when acting pursuant to the Finance Documents, act with regard only to the interests of the Bondholders as a group and shall not be required to have regard to the interests or to act upon or comply with any direction or request of any other person, other than as explicitly stated in the Finance Documents.

- 17.2.5 The Agent is entitled to engage external experts when carrying out its duties under the Finance Documents. The Issuer shall on demand by the Agent pay all costs for external experts engaged after the occurrence of an Event of Default, or for the purpose of investigating or considering (i) an event which the Agent reasonably believes is or may lead to an Event of Default, or (ii) a matter relating to the Issuer which the Agent reasonably believes may be detrimental to the interests of the Bondholders under the Finance Documents, or (iii) as otherwise agreed between the Agent and the Issuer. Any compensation for damages or other recoveries received by the Agent from external experts engaged by it for the purpose of carrying out its duties under the Finance Documents shall be distributed in accordance with Clause 14 (*Distribution of proceeds*).
- 17.2.6 The Agent shall enter into agreements with the CSD, and comply with such agreement and the CSD Regulations applicable to the Agent, as may be necessary in order for the Agent to carry out its duties under the Finance Documents.
- 17.2.7 Notwithstanding any other provision of the Finance Documents to the contrary, the Agent is not obliged to do or omit to do anything if it would or might in its reasonable opinion constitute a breach of any law or regulation.
- 17.2.8 If in the Agent's reasonable opinion the cost, loss or liability which it may incur (including reasonable fees to the Agent) in complying with instructions of the Bondholders, or taking any action at its own initiative, will not be covered by the Issuer, the Agent may refrain from acting in accordance with such instructions, or taking such action, until it has received such funding or indemnities (or adequate Security has been provided therefore) as it may reasonably require.
- 17.2.9 The Agent shall give a notice to the Bondholders (i) before it ceases to perform its obligations under the Finance Documents by reason of the non-payment by the Issuer of any fee or indemnity due to the Agent under the Finance Documents or the Agency Agreement or (ii) if it refrains from acting for any reason described in Clause 17.2.8.
- 17.2.10 The Agent's duties under these Terms and Conditions are solely mechanical and administrative in nature and the Agent only acts in accordance with these Terms and Conditions and upon instructions from the Bondholders, unless otherwise set out in these Terms and Conditions. In particular, the Agent is not acting as an advisor (whether legal, financial or otherwise) to the Bondholders or any other person.
- 17.2.11 The Agent is not obligated to assess or monitor the financial condition of the Issuer or compliance by the Issuer of the terms of the Finance Documents unless to the extent expressly set out in the Terms and Conditions and the other Finance Documents, or to take any steps to ascertain whether any Event of Default has occurred. Until it has actual knowledge to the contrary, the Agent is entitled to assume that no Event of Default has occurred.
- 17.2.12 Unless it has actual knowledge to the contrary, the Agent may assume that all information provided by or on behalf of the Issuer (including by its advisors) is correct, true and complete in all aspects.

17.3 **Liability for the Agent**

- 17.3.1 The Agent will not be liable to the Bondholders for damage or loss caused by any action taken or omitted by it under or in connection with any Finance Document, unless directly caused by its negligence or wilful misconduct. The Agent shall never be responsible for indirect loss.
- 17.3.2 The Agent shall not be considered to have acted negligently if it has acted in accordance with advice from or opinions of reputable external experts engaged by the Agent or if the Agent has acted with reasonable care in a situation when the Agent considers that it is detrimental to the interests of the Bondholders to delay the action in order to first obtain instructions from the Bondholders.
- 17.3.3 The Agent shall not be liable for any delay (or any related consequences) in crediting an account with an amount required pursuant to the Finance Documents to be paid by the Agent to the Bondholders, provided that the Agent has taken all necessary steps as soon as reasonably practicable to comply with the regulations or operating procedures of any recognised clearing or settlement system used by the Agent for that purpose.
- 17.3.4 The Agent shall have no liability to the Bondholders or to the Issuer for damage caused by the Agent acting in accordance with instructions of the Bondholders given to the Agent in accordance with the Finance Documents.
- 17.3.5 Any liability towards the Issuer which is incurred by the Agent in acting under, or in relation to, the Finance Documents shall not be subject to set-off against the obligations of the Issuer to the Bondholders under the Finance Documents.
- 17.3.6 The Agent is not liable for information provided to the Bondholders by or on behalf of the Issuer or by any other person.

17.4 **Replacement of the Agent**

- 17.4.1 Subject to Clause 17.4.6, the Agent may resign by giving notice to the Issuer and the Bondholders, in which case the Bondholders shall appoint a successor Agent at a Bondholders' Meeting convened by the retiring Agent or by way of Written Procedure initiated by the retiring Agent.
- 17.4.2 Subject to Clause 17.4.6, if the Agent is Insolvent, the Agent shall be deemed to resign as Agent and the Issuer shall within ten (10) Business Days appoint a successor Agent which shall be an independent financial institution or other reputable company which regularly acts as agent under debt issuances.
- 17.4.3 A Bondholder (or Bondholders) representing at least ten (10) per cent. of the Adjusted Nominal Amount may, by notice to the Issuer (such notice shall, if given by several Bondholders, be given by them jointly), require that a Bondholders' Meeting is held for the purpose of dismissing the Agent and appointing a new Agent. The Issuer may, at a Bondholders' Meeting convened by it or by way of Written Procedure initiated by it, propose to the Bondholders that the Agent be dismissed and a new Agent appointed.
- 17.4.4 If the Bondholders have not appointed a successor Agent within ninety (90) calendar days after (i) the earlier of the notice of resignation was given or the resignation otherwise took

place or (ii) the Agent was dismissed through a decision by the Bondholders, the Issuer shall appoint a successor Agent which shall be an independent financial institution or other reputable company with the necessary resources to act as agent in respect of debt issuances.

- 17.4.5 The retiring Agent shall, at its own cost, make available to the successor Agent such documents and records and provide such assistance as the successor Agent may reasonably request for the purposes of performing its functions as Agent under the Finance Documents.
- 17.4.6 The Agent's resignation or dismissal shall only take effect upon the appointment of a successor Agent and acceptance by such successor Agent of such appointment and the execution of all necessary documentation to effectively substitute the retiring Agent.
- 17.4.7 Upon the appointment of a successor, the retiring Agent shall be discharged from any further obligation in respect of the Finance Documents but shall remain entitled to the benefit of the Finance Documents and remain liable under the Finance Documents in respect of any action which it took or failed to take whilst acting as Agent. Its successor, the Issuer and each of the Bondholders shall have the same rights and obligations amongst themselves under the Finance Documents as they would have had if such successor had been the original Agent.
- 17.4.8 In the event that there is a change of the Agent in accordance with this Clause 17.4, the Issuer shall execute such documents and take such actions as the new Agent may reasonably require for the purpose of vesting in such new Agent the rights, powers and obligation of the Agent and releasing the retiring Agent from its further obligations under the Finance Documents and the Agency Agreement. Unless the Issuer and the new Agent agree otherwise, the new Agent shall be entitled to the same fees and the same indemnities as the retiring Agent.

18. APPOINTMENT AND REPLACEMENT OF THE ISSUING AGENT

- 18.1 The Issuer appoints the Issuing Agent to manage certain specified tasks under these Terms and Conditions and in accordance with the legislation, rules and regulations applicable to and/or issued by the CSD and relating to the Bonds.
- 18.2 The Issuing Agent may retire from its assignment or be dismissed by the Issuer, provided that the Issuer has approved that a commercial bank or securities institution approved by the CSD accedes as new Issuing Agent at the same time as the old Issuing Agent retires or is dismissed. If the Issuing Agent is Insolvent, the Issuer shall immediately appoint a new Issuing Agent, which shall replace the old Issuing Agent as issuing agent in accordance with these Terms and Conditions.

19. THE CSD

- 19.1 The Issuer has appointed the CSD to manage certain tasks under these Terms and Conditions and in accordance with the CSD Regulations and the other regulations applicable to the Bonds.
- 19.2 The CSD may retire from its assignment or be dismissed by the Issuer, provided that the Issuer has effectively appointed a replacement CSD that accedes as CSD at the same time

as the old CSD retires or is dismissed and provided also that the replacement does not have a negative effect on any Bondholder. The replacing CSD must be authorised to professionally conduct clearing operations pursuant to the Swedish Securities Markets Act (Sw: *lag (2007:528) om värdepappersmarknaden*) and be authorised as a central securities depository in accordance with the Financial Instruments Accounts Act.

20. REPLACEMENT OF BASE RATE

20.1 General

20.1.1 Any determination or election to be made by an Independent Adviser, the Issuer or the Bondholders in accordance with the provisions of this Clause 20 shall at all times be made by such Independent Adviser, the Issuer or the Bondholders (as applicable) acting in good faith, in a commercially reasonable manner and by reference to relevant market data.

20.1.2 If a Base Rate Event has occurred, this Clause 20 shall take precedent over the fallbacks set out in paragraph (b) to (d) of the definition of STIBOR.

20.2 Definitions

In this Clause 20:

“Adjustment Spread” means a spread (which may be positive, negative or zero) or a formula or methodology for calculating a spread, or a combination thereof to be applied to a Successor Base Rate and that is:

- (a) formally recommended by any Relevant Nominating Body in relation to the replacement of the Base Rate; or
- (b) if (a) is not applicable, the adjustment spread that the Independent Adviser determines is reasonable to use in order to eliminate, to the extent possible, any transfer of economic value from one party to another as a result of a replacement of the Base Rate and is customarily applied in comparable debt capital market transactions.

“Base Rate Amendments” has the meaning set forth in Clause 20.3.4.

“Base Rate Event” means one or several of the following circumstances:

- (a) the Base Rate (for the relevant Interest Period) has ceased to exist or ceased to be published for at least five (5) consecutive Business Days as a result of the Base Rate (for the relevant Interest Period) ceasing to be calculated or administered;
- (b) a public statement or publication of information by (i) the supervisor of the Base Rate Administrator or (ii) the Base Rate Administrator that the Base Rate Administrator ceases to provide the applicable Base Rate (for the relevant Interest Period) permanently or indefinitely and, at the time of the statement or publication, no successor administrator has been appointed or is expected to be appointed to continue to provide the Base Rate;

- (c) a public statement or publication of information in each case by the supervisor of the Base Rate Administrator that the Base Rate (for the relevant Interest Period) is no longer representative of the underlying market which the Base Rate is intended to represent and the representativeness of the Base Rate will not be restored in the opinion of the supervisor of the Base Rate Administrator;
- (d) a public statement or publication of information in each case by the supervisor of the Base Rate Administrator with the consequence that it is unlawful for the Issuer or the Issuing Agent to calculate any payments due to be made to any Bondholder using the applicable Base Rate (for the relevant Interest Period) or it has otherwise become prohibited to use the applicable Base Rate (for the relevant Interest Period);
- (e) a public statement or publication of information in each case by the bankruptcy trustee of the Base Rate Administrator or by the trustee under the bank recovery and resolution framework (Sw. *krishanteringsregelverket*) containing the information referred to in (b) above; or
- (f) a Base Rate Event Announcement has been made and the announced Base Rate Event as set out in (b) to (e) above will occur within six (6) months.

“Base Rate Event Announcement” means a public statement or published information as set out in paragraph (b) to (e) of the definition of Base Rate Event that any event or circumstance specified therein will occur.

“Independent Adviser” means an independent financial institution or adviser of repute in the debt capital markets where the Base Rate is commonly used.

“Relevant Nominating Body” means, subject to applicable law, firstly any relevant supervisory authority, secondly any applicable central bank, or any working group or committee of any of them, or thirdly, the Financial Stability Council (*Finansiella stabilitetsrådet*) or any part thereof.

“Successor Base Rate” means:

- (a) a screen or benchmark rate, including the methodology for calculating term structure and calculation methods in respect of debt instruments with similar interest rate terms as the Bonds, which is formally recommended as a successor to or replacement of the Base Rate by a Relevant Nominating Body; or
- (b) if there is no such rate as described in paragraph (a), such other rate as the Independent Adviser determines is most comparable to the Base Rate.

For the avoidance of doubt, in the event that a Successor Base Rate ceases to exist, this definition shall apply mutatis mutandis to such new Successor Base Rate.

20.3 **Determination of Base Rate, Adjustment Spread and Base Rate Amendments**

- 20.3.1 Without prejudice to Clause 20.3.2, upon a Base Rate Event Announcement, the Issuer may, if it is possible to determine a Successor Base Rate at such point of time, at any time before the occurrence of the relevant Base Rate Event at the Issuer’s expense appoint an

Independent Adviser to initiate the procedure to determine a Successor Base Rate the Adjustment Spread and any Base Rate Amendments for purposes of determining, calculating and finally deciding the applicable Base Rate. For the avoidance of doubt, the Issuer will not be obliged to take any such actions until obliged to do so pursuant to Clause 20.3.2.

- 20.3.2 If a Base Rate Event has occurred the Issuer shall use all commercially reasonable endeavours to, as soon as reasonably practicable and at the Issuer's expense, appoint an Independent Adviser to initiate the procedure to determine, as soon as commercially reasonable, a Successor Base Rate the Adjustment Spread and any Base Rate Amendments for purposes of determining, calculating and finally deciding the applicable Base Rate.
- 20.3.3 If the Issuer fails to appoint an Independent Adviser in accordance with Clause 20.3.2, the Bondholders shall, if so decided at a Bondholders' Meeting or by way of Written Procedure, be entitled to appoint an Independent Adviser (at the Issuer's expense) for the purposes set forth in Clause 20.3.2. If an Event of Default has occurred and is continuing, or if the Issuer fails to carry out any other actions set forth in Clause 20.3 to 20.6, the Agent (acting on the instructions of the Bondholders) may to the extent necessary effectuate any Base Rate Amendments without the Issuer's cooperation.
- 20.3.4 The Independent Adviser shall also initiate the procedure to determine any technical, administrative or operational changes required to ensure the proper operation of a Successor Base Rate or to reflect the adoption of such Successor Base Rate in a manner substantially consistent with market practice ("**Base Rate Amendments**").
- 20.3.5 Provided that a Successor Base Rate the applicable Adjustment Spread and any Base Rate Amendments have been finally decided no later than prior to the relevant Quotation Day in relation to the next succeeding Interest Period, they shall become effective with effect from and including the commencement of the next succeeding Interest Period always subject to any technical limitations of the CSD and any calculations methods applicable to such Successor Base Rate.
- 20.4 **Interim measures**
- 20.4.1 If a Base Rate Event set out in any of the paragraphs (a) to (e) of the Base Rate Event definition has occurred but no Successor Base Rate and Adjustment Spread have been finally decided prior to the relevant Quotation Day in relation to the next succeeding Interest Period or if such Successor Base Rate and Adjustment Spread have been finally decided but due to technical limitations of the CSD, cannot be applied in relation to the relevant Quotation Day, the Interest Rate applicable to the next succeeding Interest Period shall be:
- (a) if the previous Base Rate is available, determined pursuant to the terms that would apply to the determination of the Base Rate as if no Base Rate Event had occurred; or
 - (b) if the previous Base Rate is no longer available or cannot be used in accordance with applicable law or regulation, equal to the Interest Rate determined for the immediately preceding Interest Period.

20.4.2 For the avoidance of doubt, Clause 20.4.1 shall apply only to the relevant next succeeding Interest Period and any subsequent Interest Periods are subject to the subsequent operation of, and to adjustments as provided in, this Clause 20. This will however not limit the application of Clause 20.4.1 for any subsequent Interest Periods, should all relevant actions provided in this Clause 20 have been taken, but without success.

20.5 **Notices etc.**

Prior to the Successor Base Rate, the applicable Adjustment Spread and any Base Rate Amendments become effective the Issuer shall promptly, following the final decision by the Independent Adviser of any Successor Base Rate, Adjustment Spread and any Base Rate Amendments, give notice thereof to the Agent, the Issuing Agent and the Bondholders in accordance with Clause 23 (*Notices and press releases*) and the CSD. The notice shall also include information about the effective date of the amendments. If the Bonds are admitted to trading on a stock exchange, the Issuer shall also give notice of the amendments to the relevant stock exchange.

20.6 **Variation upon replacement of Base Rate**

20.6.1 No later than giving the Agent notice pursuant to Clause 20.5, the Issuer shall deliver to the Agent a certificate signed by the Independent Adviser and the CEO or any other duly authorised signatory of the Issuer (subject to Clause 20.3.3) confirming the relevant Successor Base Rate, the Adjustment Spread and any Base Rate Amendments, in each case as determined and decided in accordance with the provisions of this Clause 20. The Successor Base Rate, the Adjustment Spread and any Base Rate Amendments (as applicable) specified in such certificate will, in the absence of manifest error or bad faith in any decision, be binding on the Issuer, the Agent, the Issuing Agent and the Bondholders.

20.6.2 Subject to receipt by the Agent of the certificate referred to in Clause 20.6.1, the Issuer and the Agent shall, at the request and expense of the Issuer, without the requirement for any consent or approval of the Bondholders, without undue delay effect such amendments to the Finance Documents as may be required by the Issuer in order to give effect to this Clause 20.

20.6.3 The Agent and the Issuing Agent shall always be entitled to consult with external experts prior to amendments are effected pursuant to this Clause 20. Neither the Agent nor the Issuing Agent shall be obliged to concur if in the reasonable opinion of the Agent or the Issuing Agent (as applicable), doing so would impose more onerous obligations upon it or expose it to any additional duties, responsibilities or liabilities or reduce or amend the protective provisions afforded to the Agent or the Issuing Agent in the Finance Documents.

20.7 **Limitation of liability for the Independent Adviser**

Any Independent Adviser appointed pursuant to Clause 20.3 shall not be liable whatsoever for damage or loss caused by any determination, action taken or omitted by it under or in connection with any Finance Document, unless directly caused by its gross negligence or wilful misconduct. The Independent Adviser shall never be responsible for indirect or consequential loss.

21. NO DIRECT ACTIONS BY BONDHOLDERS

- 21.1 A Bondholder may not take any steps whatsoever against the Issuer to enforce or recover any amount due or owing to it pursuant to the Finance Documents, or to initiate, support or procure the winding-up, dissolution, liquidation, company reorganisation (Sw: *företagsrekonstruktion*) or bankruptcy (Sw: *konkurs*) (or its equivalent in any other jurisdiction) of the Issuer in relation to any of the obligations and liabilities of the Issuer under the Finance Documents.
- 21.2 Clause 21.1 shall not apply if the Agent has been instructed by the Bondholders in accordance with the Finance Documents to take certain actions but fails for any reason to take, or is unable to take (for any reason other than a failure by a Bondholder to provide documents in accordance with Clause 17.1.2), such actions within a reasonable period of time and such failure or inability is continuing. However, if the failure to take certain actions is caused by the non-payment by the Issuer of any fee or indemnity due to the Agent under the Finance Documents or the Agency Agreement or by any reason described in Clause 17.2.8, such failure must continue for at least forty (40) Business Days after notice pursuant to Clause 17.2.9 before a Bondholder may take any action referred to in Clause 21.1.
- 21.3 The provisions of Clause 21.1 shall not in any way limit an individual Bondholder's right to claim and enforce payments which are due to it under Clause 9.5 (*Mandatory repurchase due to a Change of Control Event, Bond De-listing Event or a Listing Failure Event*) or other payments which are due by the Issuer to some but not all Bondholders.

22. PRESCRIPTION

- 22.1 The right to receive repayment of the principal of the Bonds shall be prescribed and become void ten (10) years from the Redemption Date. The right to receive payment of Interest (excluding any capitalised Interest) shall be prescribed and become void three (3) years from the relevant due date for payment. The Issuer is entitled to any funds set aside for payments in respect of which the Bondholders' right to receive payment has been prescribed and has become void.
- 22.2 If a limitation period is duly interrupted in accordance with the Swedish Act on Limitations (Sw: *preskriptionslag (1981:130)*), a new limitation period of ten (10) years with respect to the right to receive repayment of the principal of the Bonds, and of three (3) years with respect to receive payment of Interest (excluding capitalised Interest) will commence, in both cases calculated from the date of interruption of the limitation period, as such date is determined pursuant to the provisions of the Swedish Act on Limitations.
